

NHS Falls Template - S1 Mobile working

SystemOne

Purpose

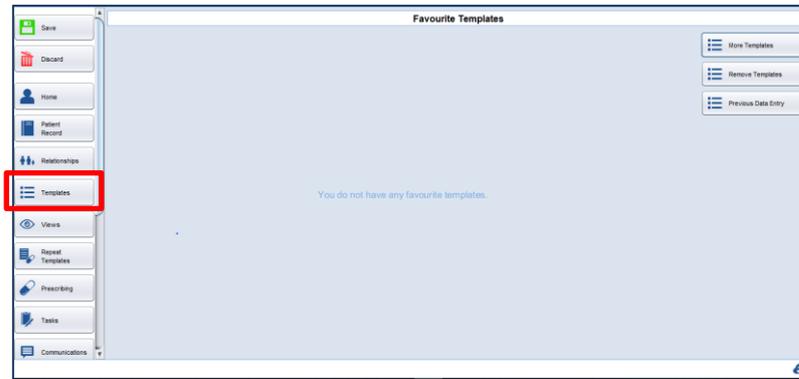

The purpose of this document is to support SystemOne Care Homes in the setup of the Falls Template to send to your GP practice.

This guide goes through the adding and completing of the template.

Adding the template to your favourites

If the above template is not visible you will not be able to use the Falls Template. Below are the steps to add this to your favourites.

1. Retrieve the residents record then go to Templates on the left side bar.

2. Click "More Templates" to the right.

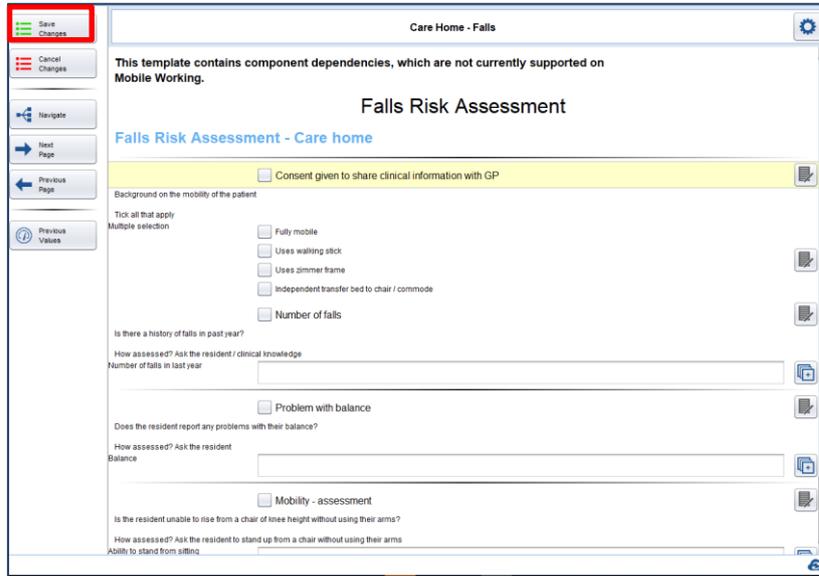

3. Tick the favourite's button for the Care Home Falls Template then click back.

4. The Template is now ready to use and will sit under Templates. To use the template, click on the template as shown.

5. Complete the relevant fields then click save changes.

Care Home - Falls

This template contains component dependencies, which are not currently supported on Mobile Working.

Falls Risk Assessment

Falls Risk Assessment - Care home
